

QUILT PREP CHECKLIST

Preparing Your Quilt Top

1. Make sure your seams are secure and have been pressed down. Pay extra attention to bulky seams and try to get them as flat as possible.
2. If the quilt top and backing have a designated top and bottom, please mark them accordingly.

Preparing Your Batting & Backing

1. Your quilt back will need to be 4" larger than your quilt top on all four sides. Get as close to 4 inches as possible (Example: If your quilt top is 60" x 70", your batting and backing should measure 68" x 78")
2. Please prepare your quilt back so that it is square and has even edges.

Mailing Instructions

Mail your quilt to:

Thirty4Stitches, LLC

4130 Sandy Creek Road

Madison, GA 30650

Please be sure to get tracking for all quilts being shipped. If the quilt you are sending is irreplaceable and very special to you, use signature confirmation and/or additional insurance as you see fit. Thirty4Stitches cannot be responsible for packages we do not receive.
